More information as well as the application can be found at www.hsfmo.org.

Regeneron Science Talent Search

Students have plenty of time to share their scientific research with the nation's oldest and most prestigious STEM competition for the chance to win awards of up to $250,000. The deadline is not until **November 13, 2019** at 8pm Eastern Time. Regeneron STS has identified and connected future scientific leaders for the last 79 years. This is open to current 12th grade students.

The Society recently published a list of things to know about this year's Regeneron STS application. The list highlights some changes made to the application and recommendation process, offers insight into the application requirements and explains some of our rules. You can also find the

application requirements [here](#) and troubleshooting issues in our application [FAQ](#).

Please encourage your students to email their questions to sts@societyforscience.org. Our team is here to help! The top 300 Scholars and top 40 Finalists will be announced in January 2020. Thank you for your support of young scientists. And, feel free to share the language below with your students!

Apply to the Nation's Oldest and Most Prestigious STEM Research Competition: Regeneron STS

- The **Regeneron Science Talent Search 2020** [application](#) is now open! High school seniors with individual, original research projects are invited to apply online to the Regeneron STS. There are no limits to the number of students who can enter from any school, region or state, and students may submit research from any year of high school. The program is completely free.
- The top 300 scholars receive $2,000 each, and their schools also receive $2,000—that's funding for STEM education in your community. Forty finalists will be invited to compete in the finals week competition in Washington, DC, all expenses paid. Every finalist receives at least $25,000 and if named in the top 10, could win between $40,000 and $250,000.
- Check out last year's [highlights video](#), learn more about some of the finalists' projects in this [video by Veritasium](#), read this [blog post](#) from a former finalist, and check out our finalists' intros from the [awards gala](#) , hosted by comedian Adam Conover.
- The **application will close on Wednesday, November 13, 2019 at 8pm ET**, but we encourage interested students to open applications soon in order to receive tips and reminders.

ARH Scholars Award

This is a scholarship program designed to help fund the cost of education for those interested in seeking a career in healthcare. The award is currently open to all those living in any of the twelve ARH communities. Depending on the course of study, the award will be tailored to meet individual financial needs. ARH will pay tuition directly to the school of choice. Most importantly, ARH will also provide each recipient a mentor to better ensure the successful completion of the program.

The application process for the ARH Scholars Award must be completed online using the form below. For consideration for the current session, the deadline for applications is October 25, 2019. Applications received after deadline will not be accepted.

The ARH Scholars Award program is not necessarily designed to cover the entire cost of study and awards will be provided based on need and individual achievement.

Award recipients will be notified via registered mail. Legal documents will be provided detailing scholarship protocol and may include options for employment. We wish every applicant the best of luck in both their application for the ARH Scholars Award and their next exciting course of study.
