Once you have your range of SVS click "Generate Report"

Student Voice - Teacher Results

This report displays response scores for each question in the student voice survey. One teacher per school and survey window are reported per page. Survey questions are grouped by construct and includes the construct score. Results are available only if there are a minimum of 10 student responses to a teacher survey and the survey window has ended.

Enter the date range for when survey windows ended. One or more schools must be chosen from the list below; the Schools list in the toolbar above does NOT affect this report. If multiple schools are chosen and the report times out, retry with fewer schools selected. The report will run for all teachers unless a Single Teacher PersonID, as displayed on the Demographics tab, is entered.

* Student Voice Surveys Ending Between (mm/dd/yyyy)

Start Date
02/26/2018

End Date
03/02/2018
