## EES to Participate in Food Drive

Evarts Elementary will be participating in "Make A Difference Day 2009" during the month of October by having a month long food drive. Make A Difference Day is one of the most widely observed national days of helping – a celebration of neighbors helping neighbors in which everyone can participate. Created by USA Weekend Magazine, Make A Difference Day is an annual event observed on the fourth Saturday of October. The goal of Make A Difference Day is to inspire and encourage local residents to participate in community service projects. Large or small, as individuals or in groups, one-day or ongoing – the nature of the service isn't as important as simply giving your time, effort, resources, skills or support to make a difference in the lives of people in your community. We will be having events during the month to help with a school wide food drive. Further details will be distributed throughout the month.
