Red Herring Puppets

Red Herring Puppets recently visited Evarts Elementary School to perform a production of Aesop's Fables. The Show was an original, rhymed version of the classic tales, told with original music by Cathy Riley and large table top puppets. These timeless stories are simple to understand and address topics relevant to school age children such as bullying, selfishness, competition, ingenuity, and the affirmation that little beings can achieve great things. The Show was sponsored by the Evarts Elementary Family Resource Youth Services Center.

"Physics is Fun" at EES

Evarts Elementary FRYSC recently sponsored a program that allows students to experience why physics is fun. The show is based on Sir Isaac Newton and his laws of physics as well as the inventions of Robert Van de Graff and Nikola Tesla and opened our 5th through 8th grade students' eyes to the fascinating world of physics and how it governs the way everything around us moves!
